

## **Midge Dry Fly**

Tied by Gerry Stevens

### **Materials**

Hook: Mustad 94842 size 18 to 28  
Thread: Black 8/0 or color to match fly  
Tail: 6-8 hackle fibers, color to match fly  
Body: Black phentex wool or color to match fly  
Hackle: Black hackle or color to match fly

### **Procedure**

1. Prime hook
2. Tie in the hackle fibres for the tail
3. Tie in the body material and bring the thread to the eye
4. Wind the body material from the bend to 1/8" from eye
5. Tie in the hackle by the butt and wind 3-4 times. Tie off.
6. Whip finish and apply head cement
