I have an option to fish the Pitt River for Coho/Bull trout the last week in September (/26-30). The package includes 4 nights in cabin, 3 days guided fishing, transport to/from the lodge. We take our own food. Cost is \$1200/fisher max 4. There are currently 3 spots available. Excellent coho run and bull trout fishery. Interested can contact me by email. fishon048@icloud.com
