

Kissinger Lake Fishout

To all IWFF members,

Our annual Kissinger Lake fishout is nearly upon us. It officially begins on Friday, April 21st., through to Sunday, April 23rd. It would be helpful if I knew within this week who is intending to go and whether you will be bringing family and guests. Please let me know during the week of April 9 to 15 on your intention to take part.

The potluck dinner is on the Saturday, April 22nd. and we would like every member or member group to bring a dish for this. If your last name is A to M, bring a salad or vegetable dish and if N to Z bring a dessert.

Also, for the meat dish those who want a steak, I will be purchasing them in the last day or so before the outing. Previously I have bought onions, potatoes, steak sauce and trimmings, etc. The cost usually comes to less than \$20 each for a very good quality large steak. Please let me know too if you wish to have a steak purchased for you and your guests/family member(s). Names please.

We will be doing pretty much the same as we have done in the past couple of years at Kissinger lake and so most will be familiar with the lake's location and other details. If anybody wishes any further information on any of the details then please contact me by email [Don and Heather \[donheather@shaw.ca\]](mailto:DonandHeather@shaw.ca) as soon as possible.

The fishing is good as they usually stock the lake well so hoping to see lots of members, guests, and family there.

Thanks, Don Ginter,
Don and Heather [donheather@shaw.ca]

president, IWFF
