

## NDSS Fly Casting/Tying Course

Ian STEWART [iandalestew@shaw.ca]

Franjo emailed me some pictures he took during the fly fishing course in April.

Overall the course was a success. I heard lots of positive comments from students. It's nice to

have some teenagers who actually acknowledge and thank senior citizens like us! There were lots of improvements which could have been made but I hope we can learn from our mistakes and be able to this type of community outreach again in future years.
